PRESS RELEASE

NEW FAMILY PHYSICIANS AT THE “SARNIA-LAMBTON CARE CENTRE”

Sarnia, Canada – January 20, 2006.

The Sarnia-Lambton Care Centre is a fully integrated group practice at the Bayside Mall, Sarnia, Ontario. We have been open for about one year and have been successful in recruiting family physicians to the Care Centre, with the joint efforts of the “Sarnia Lambton Taskforce on Healthcare Worker Recruitment”.

In January 2005, Dr. Scott McKay established his Family Practice at the Clinic and took on the role of Medical Director. In addition, we have had Drs. William Muir and Sam Jumea'n relocate their practices.

We are pleased to announce that we have two new physicians establishing their family practices at the Sarnia-Lambton Care Centre. Dr. Alvin Lau, a graduate of the University of Toronto began accepting new patients in December 2005 and Dr. Joy Singh, a Michigan trained physician, begins her family practice at the Care Centre on January 23, 2006. Dr. Singh is the 1st U.S. trained physician, across all of HealthNet's locations, through the changes to the Human Resources and Development programs, College of Physicians and Surgeons of Ontario and the Ministry of Health.

Within the Sarnia-Lambton Care Centre are diagnostic and ancillary services. These services include: laboratory; the Meridian Hearing Centre with an audiologist; and physiotherapy-rehabilitation services provided by physiotherapists, kinesiologists and massage therapists at the Sarnia Community Care Physiotherapy. The Care Centre walk-in clinic will extend their weekday evening hours to 8 pm and start weekend availability in February 2006.
